Eagle Pass, Tex., Nov. 22.--When the rebels attacked Torreon, artillery was placed in a position on the hill overlooking the city and the guns opened up. It is said as soon as the garrison ran up the white flag, cavalry and infantry dashed into the city and took charge of all stores and public funds.

**AN UNUSUAL GUARANTEE.**  
It is very unusual to guarantee a cooking fat, but your grocer is authorized to make you this unusual offer--if you do not find Cottolene perfectly satisfactory, he will cheerfully refund your money.

There is a reason why he can do this. Cottolene is purer and more wholesome than lard or other cooking fats; moreover, it is packed in air-tight pails, which keep it fresh indefinitely.

## MISUSE OF MAILS IS CHARGE MADE

**Ticket Broker Arrested on Indictment From Federal Grand Jury.**

Local railroad officials have received information from Los Angeles, Cal., to the effect that a new method has been adopted in their fight upon ticket scalpers, the interstate commerce act or federal injunction being used as a basis for action. Officials say that Charles Jordan, a ticket broker, with an office at 414 South Hill street, was arrested by the federal authorities on an indictment scheme to defraud the scheme in question being that of selling non-transferable railroad tickets.

In the indictment against Jordan, he is specifically accused of mailing a letter to B. R. Claywell of Huntington Park, informing him that he had two tickets over the Santa Fe, reading to points in Missouri and Kansas. The letter is alleged to have stated that the tickets would "fit" the Claywells, meaning that the descriptions of the original purchasers corresponded with those of Jordan's prospective customers. Jordan is said to have offered, in the letter, to sell the tickets for \$50, or about half price.

Jordan's bail was fixed at \$2000. He probably will be arraigned in the United States district court today.
